

CEE Lending City Article | Spring 2023

Help spread the word about the City of Minneapolis available loan offerings this Spring with this article.

Spring into Home Improvements!

Have you been putting off making home improvements? Don't wait any longer! Spring is a perfect time to schedule your home improvement projects before contractors' schedules book up. Plus, the city of Minneapolis and Center for Energy and Environment can help you get started with their easy home improvement financing programs.

When you take out a loan with CEE, you are getting:

- Low monthly payments
- Flexible terms
- Support through the entire process from CEE's team of loan officers

Whether you are looking to upgrade to new windows, replace siding, remodel a room, or install solar panels, CEE and the city of Minneapolis can help you get started! Visit <https://www.mncee.org/programs-hawthorne-residents> to check out loan programs designed specifically for Minneapolis residents or [mncee.org/loans](https://www.mncee.org/loans) to see CEE's state-wide loan options. All of CEE's loans are subject to program guidelines. Make sure you review the guidelines before applying and reach out with any questions.
